

**DOCTORS FORM FOR MY MEDICAL ALERT LINK BRACELET™**

Dear Doctor,

Please help your patient complete this form, so that they can wear their **MEDICAL ALERT LINK BRACELET™** with the vital medical information you recommend for their critical care and safety during an emergency response. **MEDICAL ALERT LINK BRACELETS™** are the first medical alert jewelry on the market that has the innovative design that has interchangeable linking system allowing the information to be self-managed by the wearer. For instance if you prescribe “Coumadin” your patient can add a Coumadin **Alert Link™** to their bracelet, if you take them off Coumadin, they simply remove the link, keeping their bracelet current with their medical needs. Medical Links are purchased individually and added as needed to their bracelet. Questions about our bracelets can be directed to [www.medicalalertlink.com](http://www.medicalalertlink.com).

**My doctor recommends the following medical information links for my MEDICAL ALERT LINK BRACELET™ that I should add for my care during the first 3-5 minutes of an emergency.**

**My medical conditions that a 1<sup>st</sup> responder should know about in order to care for me.**

- 1. \_\_\_\_\_
- 2. \_\_\_\_\_
- 3. \_\_\_\_\_

**My critical allergies that a 1<sup>st</sup> responder should know about for my care:**

- 1. \_\_\_\_\_
- 2. \_\_\_\_\_
- 3. \_\_\_\_\_

**My medications that a 1<sup>st</sup> responder should know I’m taking:**

- 1. \_\_\_\_\_
- 2. \_\_\_\_\_
- 3. \_\_\_\_\_

**Other vital information you recommend (i.e. No MRI, No oral tubes, No thyroid, Blood Type, Carries Epipen)**

- 1. \_\_\_\_\_
- 2. \_\_\_\_\_

**This information is provided for my patient’s use in purchasing their MEDICAL ALERT LINK™ bracelet.**
